# SCRATCH FIX APPLICATION

1

## Preparation with Spatula

Use spatula on scratch damaged surface.

2

## Preparation: Grey Hand Pad

Use grey hand pad to even out the damaged area.

3

## Preparation: Cotton Cloth

Remove dust with cotton cloth (dampen if needed).

## Scratch fix Benefits:

- + Restores any resilient floor manufactured with a polyurethane wear layer
- + Fast and easy to apply
- + Quick solution
- + Treated area can be used same day
- + Immediate problem solver

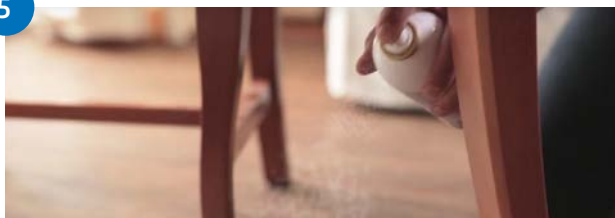

4

### Application: Scratch Fix Pen

Use additionally the pen if scratch is deeper.  
Might be not needed for every scratch.

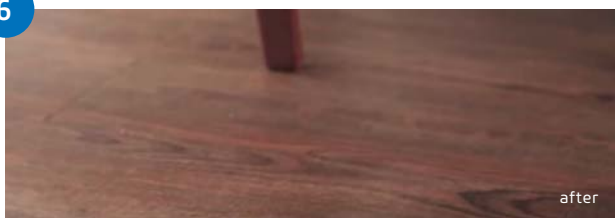

5

### Application: Scratch Fix Spray

Spray lightly on the scratched area, holding about 12 inches away.

6

### Problem solved

Scratch Fix hides/conceals scratches and white lines.
